## **TOWN OF PITTSFORD AND TOWN SCHOOL DISTRICT WARNING**

---

The legal voters in Town Meeting of the Town of Pittsford and Town School District are hereby notified and warned to meet at the Town Hall in said Town on Monday, March 5, 1973 at 7:30 o'clock in the afternoon to transact any business not involving voting by Australian Ballot or voting required by law to be by ballot and to be held on the first Tuesday in March. This meeting shall be adjourned to the following day, in order to vote on all matters required to be voted on by Australian Ballot, or to be voted on by ballot and to be held on the first Tuesday in March.

The following matters will come before the meeting, to wit:

1. To hear the reports of the Town and Town School District officers and take appropriate action thereon.
2. To see if the Town will authorize the expenditure of the amounts set forth in the General Account Budget for the support of the General Departments and Services of the Town.
3. To see if the Town will authorize to be raised by taxation, the sum of **SIXTY-NINE THOUSAND FIVE HUNDRED THIRTY NINE (\$69,539.00)** to provide funds for the support of the General Departments and Services of the Town for the period from January 1, 1973 to December 31, 1973.
4. To see if the Town will authorize the expenditure of the amounts set forth in the Highway Account Budget for the support of the highways.
5. To see if the Town will authorize to be raised by taxation, the sum of **FIFTY-THREE THOUSAND ONE HUNDRED TWENTY EIGHT (53,128.00)** to provide funds for the highway needs of the Town for the period from January 1, 1973 to December 31, 1973.
6. To see if the Town will authorize the expenditure of the amounts set forth in the Sewer Account Budget for the support of the Sewer System.
7. To see if the Town will vote to collect taxes on real estate and personal property in installments,  $\frac{1}{3}$  on July 10,  $\frac{1}{3}$  on September 10, and  $\frac{1}{3}$  on November 10. (Sect. 4871, Title 32 VSA.)
8. To see if the Town will vote for the collection of taxes by the Treasurer. (Sect. 4791 Title 32 VSA).
9. To see if the Town will authorize the Selectmen to borrow money for the temporary use of the Town. (Sect. 1783, Title 24, VSA.)
10. To see if the Town will authorize the Selectmen to acquire by gift or purchase land for a municipal forest, to promote reforestation, water conservation and good forestry practices. (Sect. 2407-2408, Title 24, VSA).

11. To see if the Town will authorize the expenditure of the amounts set forth in the Town School District Budget for the support of the Town School District from July 1, 1973 to June 30, 1974.

12. To see if the Town School District will authorize to be raised by taxation the sum of ONE HUNDRED TEN THOUSAND TWO HUNDRED THIRTY FIVE AND NINETY NINE CENTS (110,235.99) for the support of the Town School District for the period July 1, 1973 to June 30, 1974.

13. To see if the Town will authorize the Selectmen to construct a New Town Garage for the Housing and maintenance of Town Equipment at a cost not to exceed \$40,000.00. (Not in budget).

14. To see if the Town will authorize the expenditure of the money in the Revenue Sharing Fund (16,127.31 plus accrued interest) toward the payment for the New Town Garage, and borrow the balance by issuing Municipal Notes, pending the receipt of such additional Revenue Sharing Funds as may be forth coming.

15. To see if the Town will authorize the expenditure of money received from the Federal Revenue Sharing Program (State and Local Fiscal Assistance Act of 1972) exclusive of that needed in the event that Article 16 is approved, to pay for the new Town Garage until payment has been completed.

16. To see if the Town will authorize the Selectmen to spend \$1,000.00 per year of money received from the Federal Revenue Sharing Program (State and Local Fiscal Assistance Act of 1972) to retire additional sewer municipal notes in the event and only in the event that the Village of Pittsford votes to spend a like amount for the same purpose.

17. To transact such other business as legally may come before the said meeting at this time.

18. To see if the Town and Town School District will adjourn this meeting until 12:00 Noon, March 6, 1973 to vote on the following matters only, to wit: To vote on Articles 19 through 29 by Ballot. Polls open for all articles to be voted on by ballot at 12 o'clock Noon and close at 6:00 P.M.

**Note:** The foregoing warning is published here only for the information and convenience of voters at Town Meeting. It does include all articles to be voted on. It does not include the attached documents under Article 29, of the official warning. These documents have already been made available to the voters. Due to their bulk, publishing the attached documents here might prevent the Town Report from being in the hands of the voters at the time required by law.

## AUDITORS REPORT

---

In accord with the provisions of Sub-Chapter 5, of Chapter 45, Title 24 V.S.A. we have examined the records and accounts of the Town and Town School District as shown in Auditors Exhibits 1 through 12 inclusive.

We have verified the existence of stated balances and inspected all securities.

To the best of our knowledge and belief, Exhibits 1 through 12 inclusive, accurately represent the financial transactions of the Town for the Fiscal Year ending December 31, 1972 and the Town School District for the Fiscal Year ending June 30, 1972.

Accounting and Auditing: As a result of the favorable vote on Articles 22 and 23 at March Meeting 1972, your auditors employed the accounting firm of P. F. Jurgs and Co. of Burlington, Vt., as Accounting and Auditing Consultants. We believe that this has already proven to be worthwhile.

As a result of a number of consultations with a representative of that firm and the Auditors, Treasurer, and Selectmen's bookkeeper we believe that a much clearer and more accurate system is being devised to meet the accounting needs of the Town. It will require considerable more work in the Treasurer's Office and possibly some more bookkeeping for the Selectmen. It will enable the Auditors to do a more thorough audit of the accounts with considerably less bookkeeping.

In reviewing the 1971 Town Report several errors were discovered. These have been corrected in the 1972 Report. The new improved system should reduce the possibility of error in the future.

The Balance Sheet is the basic document in accounting.

Heretofore, and to some extent this year, your auditors have had to improvise balance sheets by drawing together information from various sources. In future we expect to have sufficient balance sheet accounts to accurately reflect the conditions of the various accounts continuously. Under the old system some items affecting the balance sheet were overlooked. This should not happen in future.

After completing this years report your Auditors, the Treasurer, and the Selectmen's bookkeeper will review the system, then hold consultations with the consultant to refine it to the point where it will fulfill the accounting needs of the Town and Town School District.

We have not gone into a complete accrual system of accounting. The added information made available by such a system does not seem justified in considering the substantial additional bookkeeping required.

Some explanation of the accounting system may be helpful in enabling the voters to more fully understand the report.

The accounts of the Town are divided into several "funds". A "fund" is a separate and independent accounting entity established to achieve certain accounting objectives. It may be established by law as the Town School District Fund. It may be established by the Selectmen or the Treasurer. The following funds have been established in the accounts of the Town and Town School District Treasurer.

The Town Fund which includes the following accounts:

General Account  
Highway Account  
Fire Equipment Depreciation Account  
Sewer Account  
Culture and Recreation Account

The Town Clerk and Treasurer's Fund  
The Equipment Rental Fund  
The Revenue Sharing Fund  
The Town School District Fund

The separate accounts within the Town Fund are set up in order to segregate the receipts and disbursements of those activities which carry some restriction by law or administrative action. For example State law requires that Town taxes voted for highways be used for no other purpose. Similarly sewer charges can be used only for the construction, maintenance and operation of the sewer.

The Fire Equipment Depreciation Account is established to account for the taxes raised for the replacement of fire fighting equipment. Its primary function at present is to account for the payment of the new fire truck.

The Culture and Recreation Account was established primarily to isolate the money raised and used in the construction of the Town Recreation Area. This was done at the request of the Committee which was responsible for the construction and operation of the area.

The General Account, as its name implies covers all other activities of the Town. It finances all other accounts in the Town Fund pending the final collection of taxes in November.

The Town Clerk and Treasurer is personally responsible to certain state offices for promptly forwarding certain receipts such as Fish and Game Licenses and Food Stamp receipts. He therefore needs a separate fund under his exclusive control so that he can discharge this responsibility. The balance in this fund at the end of each year is transferred into the Town Fund, less a small amount left in the bank account to keep it open.

The Equipment Rental Fund was established a number of years ago as an enterprise fund to provide for the operation, maintenance and replacement of Town heavy equipment by the collection of rental fees from the activity using the equipment.

The rental fee facilitates the proper allocation of the proper proportion of costs to the activity using the equipment.

The Revenue Sharing Fund has just recently been established to clearly and accurately segregate the receipt and disbursement of revenue sharing money received from the Federal Government.

The Town School District Fund is self explanatory. It is worthy of note that it is not completely self sustaining. The following municipal functions are performed for the Town School District at the expense of the General Account of the Town Fund:

- Listing
- Tax Billing
- Tax Collection
- Elections (except School District Special Elections)
- Auditing
- Administration (partially)
- Treasurer's Office (partially)
- Public Safety
- Waste Disposal

The books of the Town and Town District are audited by first verifying all cash balances in all funds. Then a representative sampling is made covering all accounting procedures. Among other things this involves checking the Listers appraisal against the Property List, Grand List against the Tax Bill, Tax bill against Treasurer's Account of Taxes Collected, Treasurer's Warrant to the Tax Collector for Delinquent Taxes and Tax Collector's Account. In addition Treasurer's Receipts are checked against Statements from the State Treasurer showing amounts paid to the Town and Town School District and Statements from banks showing status of Town accounts. Invoices and Time Sheets are checked against Orders drawn. Receipts and Disbursements are also checked for proper allocation to sub accounts. In the Town Fund alone there are approximately sixty receipt sub accounts and over one hundred ten disbursement sub accounts.

**Notes:** (1) The amount shown in the Checking Account is \$10.00 less than that shown in the 1971 report. A December 1971 check stub was written for \$10.00 less than the check and the order for which it was drawn. This check was outstanding as of December 31, 1971. Consequently the cash in the Checking Account appeared to be \$10.00 in excess of what it should have been. The error was discovered and rectified when the check came through with the January 1972 Statement. Correction of the error wipes out the cash overage of \$10.00 shown in the 1971 receipts on the bottom of page 21 of the 1971 Report.

(2) Current Property Taxes includes \$1,875.00 in 1971 and \$1,727.00 in 1972 which are the amounts which the Town voters agreed to charge against the entire Grand List when the Sewer Project was voted. The 1972 amount completes the collection of Taxes on the Grand List for Sewer Construction.

(3) Billing for Junk Yard and Trailer Park Licenses was inadvertently over-looked during 1972. Late billings have been made early in 1973.

(4) The amount for Zoning Permits shown in 1971 is the accumulation of several years. The amount shown in 1972 is the amount collected in 1972.

(5) Under Fees and Charges for Services in 1971 the Sewer Service Charges of \$1,242.00 against Tax Exempt Properties was included here as well as in its proper place in the Sewer Account. This is a duplication. However the error was not

## EXHIBIT 3

included in the "AGGREGATE GENERAL ACCOUNT" of \$157,197.55 as shown on Page 18 of the 1971 Report.

(6) No entry for the Sewer Account has been made here for 1971. Prior to 1972 all borrowing for Sewer Construction was made on a year to year basis and included under Tax Anticipation Notes. In 1972 a series of Municipal Notes was borrowed to finance the Sewer Construction Account over a period extending to include 1989. See Sewer Account Comparative Balance Sheet Page 21.

Consultant we found that we had duplicated the transfer of the \$1,300.65 cash advance due from the Fire Equipment Depreciation Account. Further check of the Fire Equipment Depreciation Account revealed that a payment of \$7,441.00 had been included in the 1971 Disbursements but did not occur until January of 1972. This changed the Balance in the Fire Equipment Depreciation Account in 1971 from a deficit of \$1,300.65 to a balance of \$6,140.65. Correction of these errors increased the actual General Account Deficit for 1971 to the Amount shown here.

**Note:** (1) The Belcher-Mericle Memorial Fund is a sum of \$340.00 deposited in the Rutland Savings Bank. It was established by the members of the Belcher Family including Barbara Belcher Mericle. Under the terms of the agreement establishing the Fund (On file in the Town Clerks' Office) the Bank is to forward the interest annually to the Town Treasurer for expenditures at the Recreation Area. Should the Recreation Area cease to exist, the interest is to be used for the support of a young people's program supported in whole or in part by the Town of Pittsford. The interest for 1971 was \$14.63. Through error only \$14.30 was picked up in 1971. Consequently the Balance of \$.33 was picked up in 1972. The interest for the year 1972 amounting to \$17.52 was received after December 31, 1972 and therefore will be included in the 1973 Account.

This Fund represents the Federal Grant to the Town of Pittsford under the Revenue Sharing Program for the period ending December 31, 1972, plus interest earned on the amount for the same period. When the Program was under discussion, the News Media indicated that this would be a Grant "with no strings attached". However, when the grant was made it was accompanied by a detailed and voluminous directive covering how and for what purposes it might be spent. It is therefore, being maintained in a separate Bank Account. The General Account of the Town Fund will finance projects authorized under this Program. When an accurate and final cost is determined for each project so financed, the Revenue Sharing Fund will reimburse the General Account of the Town Fund for the exact amount.

**CASH FLOW**

The Cash Flow and Operating Statement of the Town School District is shown in the accompanying table (Table A). At Town each year the Auditors are required to audit the Accounts of the School District only to the end of the preceding School Fiscal Year which now ends on June 30th.

Thus, the Voters, at Town School District Meeting receive Audited Figures for the Budget which they voted two years previously. They are in the midst of a school year not yet completed and are asked to vote on a Budget for a School Year ending one year from the following June.

In an endeavor to present this situation in meaningful form the accompanying table (TABLE A) has been devised.

Figures in the June 30, 1972 Column represent the Audited figures for the School year ending that date. The figures in the Budget Column are figures from the Budget adopted at March Meeting 1971 with interpolation of Federally Funded Programs.

Figures in the June 30, 1973 Column show the Budget as voted at March Meeting 1972 with Federal Program Interpolations.

The Figures in the December 31, 1972 Column are *un-audited* Figures for the Receipts and Expenditures from July 1, 1972 to December 31, 1972.

The Figures in the last Column show the Budget for the School Year ending June 30, 1974, which is presented for approval by the Voters at March Meeting 1973.

## SELECTMEN'S REPORT

---

### **Sanitary Land Fill**

As noted in this report an increase of \$2,000.00 for operation of the Sanitary Land Fill is requested for 1973. This increase is due to Labor and Equipment Operation cost.

This is due to the fact that the highway crew on many inclement days stock piled fill at the Sanitary Land Fill site. It was felt by members of the Board that this practice was in the best interest of all Tax Payers as the highway crew must be paid a 45 hour weekly salary, and in most instances could not function in other areas during many inclement days. This, according to Town Auditors, can not be done without charges being made against the Sanitary Land Fill.

### **Sewage Disposal Plant**

We have operated the Sewage Disposal Plant with no major problems or breakdowns during the year. It is anticipated that a raise of \$6.00 per year will be required in 1973 to meet cost of operation and annual payments on the Disposal Plant note. This can be reverted if approval is granted for the use of \$1,000.00 each year from the Revenue Sharing Funds for a period of 5 years. This would be matched by the Village of Pittsford (if they so approve) which would reduce the principal and interest on the sewer note by as much as ten to twelve years, with no increase to taxpayers for service.

One of the reasons for the increase in operation cost is the cost of water for operation of the plant which is approximately \$800.00 per year. This item was not anticipated at time of completion of the plant. Also, electricity cost has risen far above expectation.

It is hoped that approval will be granted to Priority #2 of Revenue Sharing so that this note can be reduced by the use of Revenue Sharing Funds. This cost of interest for an 18 year period is approximately \$8,300.00.

### **Delinquent Taxes**

Delinquent taxes are still being collected by John Morse and the Board plans that action to collect all delinquent taxes will be continued.

### **Welfare**

We spent \$2,003.40 on old welfare accounts this past year and we will continue to ask for \$2,000.00 per year until all accounts are cleared up. These accounts date back to 1955 during the period of time when we were under the system of Overseer of the Poor.

### **Highways**

We have not filled the position in the Highway Department granted under the Employment Security Act and funded 90% by the Federal Government. This is due to the fact that this Act may be discontinued as of February 28, 1973.

It is expected that more construction and resurfacing of the Town Highway system will be completed with Revenue Sharing Funds as it becomes available.

It should also be noted that more funding will be available in the near future under the new highway classification system which should be passed during the 1973 session of the Legislature.

We are proud to announce that all highway equipment owned by the Town is paid for in full.

### **Selectmen's General and Highway Budget 1973**

We are able to present a budget for your consideration in both Highway and General Accounts with an increase in Highway of \$1,460.00 and General Budget increase of \$4,011.00. Highway increases are due to Social Security, Labor and Equipment Cost.

The General Budget increase is due to increased costs in Sanitary Landfill, Legal Fees, Town Planning, Fire Department and Labor.

### **Revenue Sharing**

This is a new addition to our report this year. This Act was passed by congress for a five year period. We do not believe it will be cut-off prior to 1976.

It is anticipated that the Town of Pittsford, over a five year period, will receive approximately \$75,000.00 to \$80,000.00, based on the present amount of \$16,000.00 received for 1972. The Board has requested, thru proper channels, a review of the amount granted to the Town of Pittsford in comparison to amounts received by other municipalities of equal size.

There are many laws and regulations which we, as a Board, must abide by when administering this program.

It was decided by the Board to review all areas within our municipality where Revenue Sharing Funds could best be used for the betterment of the Town and still coincide with all regulations of the Revenue Sharing Act.

We strongly request your support for the Priorities of the Spending of Revenue Sharing Funds listed below by Priority:

- (1) Erect a new Town Garage not to exceed \$40,000.00.
- (2) Payment of \$1,000.00 per year for solid waste plant note. (If matching funds are approved by Village.)
- (3) Upon payment in full of Priority 1 and 2, the remaining Revenue Sharing Funds be appropriated for construction and resurfacing of Town Highway Road System.

### **Town Garage**

Late in 1972 this Board requested estimates for a new Highway Garage from three contractors. As of December 31, 1972, the Board was in receipt of only one estimate submitted by Taggart Brothers of Castleton, Vermont.

Estimated cost \$40,000.00

Building Size 100 x 40

Structure Steel

No other estimates were received at time of this report.

We request that this project be approved so that construction can be started this spring.

This project will be paid 100% by Revenue Sharing Funds.

### **Gift of Land**

We would at this time like to thank Mr. William E. Denison for the gift of land adjacent to the Town Clerk's Office.

Mr. Denison's generous gift will make it possible for the Town to expand the present Municipal Building in the future.

To Mr. Denison, from all the members of this Board and the Community, our sincere appreciation.

### **Miscellaneous**

It should be noted that due to the many requests in 1973 for funds to help support many worthwhile organizations, we have placed all of these requests on the ballot, to be voted by the taxpayers on Tuesday, March 6, 1973. We strongly support and ask your support for all these worthy organizations, listed below:

Maclare Library	\$2,500.00
Rutland Visiting Nurse	1,000.00
Rutland Mental Health	500.00
Rutland-Bennington	
Opportunity Council	100.00
Humane Society	200.00
Summer Baseball	500.00
Swimming Program	1,500.00
Maintenance of Old	
Cemeteries	250.00

The Board would like to thank the Planning Commission for a job well done and many long hard hours of work.

We have accepted the Town Plan that was presented during the hearing, with a few minor changes.

Respectfully submitted:

RONALD MORAN

**TOWN CONSTABLES' REPORT  
1972**

---

The year 1972 was a busy one reflecting the changing times. The following report is a summary of the Police Services rendered.

A breakdown on types of complaints—

Accidents	10
Burglaries	5
Prowlers	6
Dogs	14
Dumping Side of Road	3
Disturbing the Peace	20
Abandon Cars	5
Name and Record Checks	10

All Village and Town Roads patrolled Cabbage Night and Halloween Night. Traffic Duty for Memorial Day Parade. Also Traffic and Police Protection for the 4th of July Parade and Celebration at Recreation Area.

Crime has become an increasingly complex problem, complicated because our society is in the midst of many social changes. As that change continues many of our laws become out of date and no longer applicable. At the same time many new and often unpopular laws are enacted. But all of these laws, both old and new, must be enforced with equal vigor by our law enforcement officers. In this regard these officers are often caught in the middle —between legislators and politicians on the one hand, and the citizens of our society on the other. Public safety has become a matter of serious citizen interest.

Your Police Department has grown with the town and adequate Police Protection is a matter of great importance.

Respectfully submitted,

HAROLD A. HAVILAND,  
1st Constable

JAMES E. PARKER,  
2nd Constable

**REPORT OF THE ENVIRONMENTAL OFFICER**  
**Pittsford, Vermont**

---

January 16, 1973

I have been appointed Town Environmental Officer and in this capacity I hope to help all the residents of the town clean up our environmental problems. My role is to assist you in being informed of the State Environmental Quality Control Programs and to assure that every resident complies with the laws.

If you think you may be doing something that is regulated by the State, such as air pollution, including open burning, water pollution, land development and so on and want to find out how to comply with State laws, please feel free to call on me. If I can't answer your questions, I can at least put you in contact with a State Official who can.

It is not my purpose to act as a complaint bureau—rather I want to help people help themselves in preserving the quality of the town and the State. Let's do the job by ourselves, between ourselves.

Respectfully submitted,

RONALD D. MORAN,  
Town Environmental Officer

## 1972 FIRE DEPARTMENT REPORT

---

The Pittsford Fire Department began its twenty-fifth year of operation on December 8, 1972. Three charter members are still active. They are Chief Jack Barnard, Donald Rantanen and James Parker.

During the year 38 calls were answered. Several were major fires. Two houses were lost.

The new truck, which was to be delivered in February, arrived in late May. Because of poor workmanship the officers refused to accept it, and it was returned to the manufacturer for a new paint job and other work. When it was returned it was again refused. After many hours of discussion with representatives of the Maxim Co., including the president and general sales manager, the truck was taken to Middleboro and completed to our specifications. We now have a real fine fire truck.

A new three inch water line was installed into the fire station this Fall. Donations of money and equipment made this project possible. Members of the Hose Co. supplied the labor.

Further improvements will be continued this year. Painting the outside and paving the apron will be done this Summer.

The Nickwackett Hose Co. has completed negotiations with the Motorola Co. to install a new F.M. high band radio system for the Fire Department. The system will consist of four mobile units, a base station and a remote in each of our operators' homes. The Hose Co. is paying for this system. The maintenance will be paid for by Fire Department funds.

Many members of the Fire Department attended training sessions during the year. Two day seminars were held in Middlebury and North Clarendon. Several of the newer firemen attended a 45 hour course sponsored by the Vermont Fire Fighters Association and the Vermont Department of Education. An E.C.P.R. course was given at the fire station. Several members now have cards.

Officers for 1973 are:

Pittsford Fire Department  
JACK BARNARD, Chief  
ROBERT HEMPLE, Assistant Chief  
HAROLD HAVILAND, Captain  
HARRY McKINLAY, Captain

### NICKWACKET HOSE COMPANY

President	—	Thomas Hooker
Vice-President	Herb Spaulding	
Secretary		Anthony Tennien
Treasurer		Robert Parker

*Nickwackett Hose Company—What Is It?*

The Nickwackett Hose Company is comprised of the personnel of the Pittsford Fire Department. It is the social and money raising branch of the Fire Department. It elects the officers of the Fire Department. It is a non-profit organization. Money raised by the Hose Co. for the most part is used for the betterment of the Fire Department. Many thousands of dollars, during the past twenty-four years, have been given to the Town Fire Department.

The members of Nickwackett Hose Co. thank their many friends who have donated money, equipment and services during the past years. Through your generosity and cooperation the Town of Pittsford has a fine Department.

We submit our proposed budget for your approval. It will show an increase over our expenses of 1972. However, the officers feel that this is a true picture of our financial requirements.

The increase is accounted for by the following:

- (1) A small increase for the operators;
- (2) An increase in insurance due to the new truck and the new building addition;
- (3) An increase for telephone and communication as a result of maintaining the new radio system and anticipated telephone rate raise.

We ask for your approval of our 1973 budget.

JACK BARNARD  
Chief, Fire Department

### REPORT OF FOREST FIRE WARDEN 1972

---

There were no serious forest fires this year.

There were 70 fire permits issued this year. The citizens of the Town are reminded that "Permits to Burn" are required at all times, except when snow is on the ground, at all locations which are within 200 feet of inflammable plant material which touches or adjoins woodlands.

I wish to thank my able assistant, Mr. Emil Hammond, for all he has done in assisting me this past year.

To obtains permits to burn, please phone:

## LISTERS FOR 1972

Paul Wheeler (1973) Joseph Humphrey (1974)  
Harold Phillips (1972)

Published by Authority of the Town 1960

## NOTES:

**Grand List** and The Town Grand List consists of the Property Tax Rate: List and the Poll List. At March Meeting, the money necessary to support the Towns and Schools is voted. The Tax Rate is then determined by dividing the total sum appropriated at March Meeting, by the Total of the Grand List.

**Property List:** The figures shown on the property list which follows, represent 50% of the Fair Market Value of the real and personal property as changed by the listers as of April 1, 1972. This figure is entered on the Grand List at 1/100th of the amount shown.

**Property Tax:** The property tax of individuals and corporations is determined by multiplying their Grand List amount by the Tax Rate.

**Poll List:** Each individual is entered on the poll list and the Grand List at \$1.50.

**Poll Tax:** Poll Tax thus amounts to  $1\frac{1}{2}$  times the Town Tax Rate plus the State Old Age Assistance Tax of \$5.00 assessed on each poll.

Listers must have full name and date of birth of each person 18 years of age.

All persons 65 years of age by April 1st, 1973 are exempt from poll tax.

Property tax relief schedule for Vermont senior citizens age 65 are available.

January 16, 1973

Gentlemen:

Re: Town Report 1972

This is a report to your community describing the service rendered by the Rutland Area Visiting Nurse Association for the year 1972. Our primary service is bedside nursing in the home to the acute and chronically ill. We also give family health guidance, physical therapy, speech therapy, instruction in maternal and infant care during pregnancy and after the baby arrives. We also provide Home Health Aide Service.

Our staff is comprised of Registered Nurses, Registered Physical Therapist, Certified Speech Therapists, Licensed Practical Nurses, and Home Health Aides.

We are certified under the Medicare Program, this would mean any of your residents who qualify under the conditions of the Medicare Program now have our service available to them.

Our books do not close until December 31, 1972, so to give you figures on visits, etc. it will have to be estimated.

Nursing Visits	— 230
Evaluation Visits	— 60

These are estimates based on actual monthly figures through October with estimates for November and December.

Our charge per visit is \$8.50, but there are many visits made that are not paid for through any program and the family is usually unable to meet this expense. We must have town support to be able to continue our health program. We will have a deficit this year even with the \$1,000 allocation from the town. It is impossible to give you exact figures until our yearly audit is completed, but we will be happy to supply this information when it is available.

We are glad to be able to bring this needed service to you, but to continue a good health program we will need your continued support in 1973.

Respectfully submitted,

EVELYN MORGAN  
Director

**REPORT FOR TOWN OF PITTSFORD**

Rutland Mental Health Service, offering a wide variety of comprehensive community mental health programs, serves the people of Pittsford on a 24 hour day, year-round basis. During the last year more than 35 citizens of Pittsford were seen by our professional staff.

Our programs include In-patient short term hospitalization at Rutland Hospital for acute situations, Outpatient services to individuals or groups, and Emergency 24 hour service. We also have several children's programs and services for the mentally retarded.

Much of our effort is in indirect services aimed at prevention and control of mental and emotional problems. By emphasizing a positive approach we hope to contribute to the health and well being of all Pittsford and Rutland County citizens.

**VERMONT STATE DEPARTMENT OF HEALTH  
ANNUAL TOWN REPORT, F.Y. 1972-73**

---

This is a report to the residents of your town describing the health services which have been rendered during the state fiscal year July 1, 1971 through June 30, 1972. These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town or city, we make every effort to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Pittsford.

Number of Well-child and School Medical Conferences, and Immunization Clinics held in this town	2
Attendance of town residents at above conference/clinics in this or nearby towns	107
Number of children aided under Child Health Programs (Child Development Clinic, Handicapped Children's Clinics, Pediatric Consultation and Diagnosis)	16
Attendance at dental health, brushing, and flossing classes, and dental inspections	391
People X-rayed for tuberculosis detection	58
People X-rayed for occupational diseases	68
People served by tumor diagnostic screening services	2
Attendance at diabetes clinics or physician office screening for diabetes	18
Attendance at glaucoma screening clinics	7
Attendance at amblyopia screening clinics (3-5-yr. olds)	29
Polio Immunizations	77
Smallpox Immunizations	6
Diphtheria, tetanus, Whooping cough immunizations	145
Red Measles (rubeola) Immunizations	3
Rubella (German Measles) Immunizations	6
Number of water samples from supplies serving the public	109
Blood specimens tested (pre-marital, pre-natal, and other)	70
Other laboratory specimens	83
Nutrition and dietary consultations, demonstrations, services	10
Inspections and consultations to hospitals, nursing homes, and homes for the aged	4

Sanitary inspections and consultations to licensed food and lodging establishments and to other public & private facilities	65
Public Health Nurse visits to individuals	106
Number served by above visits	65
Other consultations, program, and group service activities of Public Health Nurses to residents of this town, or held in this town for area residents	18

The Home Health Services program, in addition to providing for the survey of home health agencies as required by Medicare, works cooperatively with the Division of Public Health Nursing, works closely with the Vermont Assembly of Home Health Agencies and the Agency of Human Services in seeking the provision of certified home health care available to all the people of the State.

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.  
Commissioner of Health

### **HEALTH OFFICER'S REPORT**

---

The Health Officer received 4 complaints of unhealthy conditions during 1972. All four situations were immediately rectified.

Respectfully submitted:

RONALD D. MORAN,  
Health Officer

## REPORT OF THE PITTSFORD HISTORICAL SOCIETY 1973

---

The Pittsford Historical Society, founded in 1960, is dedicated to bringing Pittsford History up to date; working towards the preservation of the Pittsford Covered Bridges; tracing Historical objects and papers; and storing those of interest. Fewer than 1,200 covered bridges still exist in the nation, and Pittsford has four of them!

The Society also serves as a contact point for people seeking genealogical information, covered bridge history, etc. It has sponsored trips to points of local interest, Ft. Independence in Orwell being the high point in 1972.

The Historical Society Museum is in the basement of the Maclure Library, and can be visited by appointment through the Society's officers. We welcome items of historic interest. Covered Bridge Stationary is on sale there, in town offices, and at Kamuda's Supermarket. It includes 2 pictures each of the 5 Pittsford Bridges—the now destroyed Meade Bridge among them.

The Smithsonian Museum is conducting a Bi-Centennial inventory of American Paintings, and wants photographs of any done before 1914. If you have such paintings, you can contact an officer of the Society to discuss photographing them. The present owner may remain anonymous if desired.

Membership Dues are \$1.00 annually. Everyone is welcome to join. Notices of meetings are posted in the Post Office and other public places, and printed in the newspaper.

Officers:

MRS. CHARLES DAVIES, President

HAROLD PHILLIPS, Treasurer

MRS. ROBERT HUGHES, Corresponding Sec.

MRS. ROBERT FRETT, Vice-President

MRS. GLADYS NEIL, Recording Secretary

## DIRECTORS REPORT 1972 MACLURE LIBRARY ASSOCIATION

On behalf of the Officers, Directors and the Librarian the following report is submitted for the year 1972.

We are continuing our participation in the statewide inter-library loan service and in the physically and visually handicapped program.

On November 16, 1972 we again held another Open House. Peter Cady played his guitar and sang songs for us. He was very good and enjoyed by all.

On May 29, 1972 the library held a book sale out in front of the library. We made \$40.50 and put this money back into the book fund.

The childrens summer reading program was conducted again this year. In charge of the program was Ann Macomber and Chris Beriau. The program started July 5, and continued until August 23. Each Wednesday afternoon a story was presented and 3 films shown, an average of 30 children attended. All participated in the reading program with 26 receiving a merit badge for completing the program.

This past October Mrs. Frederick Reynolds, our Librarian, was selected by the State Librarian, Kathryn Nelson to serve on the "State Advisory Council on Libraries". It is a special honor for our small library to be represented statewide in this manner. The membership of the State Advisory Council on Libraries is broadly representatives of types of libraries as well as of library users in Vermont. Their objective is to help present a comprehensive plan for library development in Vermont over a five year period. There are 10 members on this advisory council.

The library received a grant for \$800.00 from the State Department of Libraries, one stipulation being the money not be used for salaries. This grant enabled the library to initiate action in certain areas which otherwise could not have been done. We repaired some broken furniture in the reading room. Put drapes in the office and reading room, also two new lounge chairs have been added to the reading room. These improvements add beauty to the library as well as making it comfortable. A set of encyclopedias was also purchased with the money. The High School students have been using these.

The library gratefully acknowledges gifts of books and magazines from the following:

Brandon-Pittsford Rotary Club	Stoddards Pet Farm
Mr. Dan D. Burditt	Mrs. Rachel Mills
Mrs. John Cadwell	Mrs. Jack O'Handley

Mrs. Minnie Cadwell	Mrs. Florence Moriarty
Charles S. Colburn Fund	Mrs. Fran Hudson
Mrs. A. L. Dunphy	Mr. Leslie Withnell
Mrs. E. W. Hammond	Mr. David Fowler
Housekeepers Found	Mrs. Hazel Mathews
Mrs. P. H. Jenkins	Mrs. Poetier
Maplewood (N.J.) Library	Miss Elinor Pike
Katherina Marnell Art Fund	Mr. Wiebe
Col. & Mrs. Jas. K. Mitchell	Mrs. Carl Rozicke
Mrs. Jean Newton	Mrs. Thomas Reed
Mr. & Mrs. E. F. Phillips	Mrs. Barbara Poljacik
Mrs. Bernice Pullin	Miss Vera Eglestine
Mrs. Sposta	Mr. & Mrs. Lloyd Hier
Vermont Historical Society	Mrs. George Terwilliger
Mr. Paul Wheeler	Mrs. W. K. Edwards
Miss Alice Wimett	Miss Agnes Connolly
Mr. & Mrs. John R. Gibbud	Mr. & Mrs. John H. Gibbud
Mr. & Mrs. David Giddud	Mr. Timothy Gibbud
Mrs. Donald Rantanen	Mr. & Mrs. Gordon Delong

The Librarian and the Directors wish to express their appreciation for the assistance rendered the library to the following people: Mr. Harold Kendall for doing a beautiful job refinishing the table in the reading room as a gift to the library. Mrs. Eleanor Candon, Mrs. Ann Macomber and Mrs. Chris Beriau. To the Book Committee: Mrs. Ann Hammond, chairman, Mrs. A. L. Dunphy, Miss Alice Wimett, Mrs. Jeanette Deale, Mrs. Sylvia Kallen, Mrs. Rachill Mills, Mrs. Bernice Pullin, Mrs. Joyce Meade, Mrs. Christine Frost, Miss Louise Willis, Mrs. Margaret Pike, Mrs. Ann Macomber and Mr. Robert Hudson.

The Directors have made the library available to any organization to be used for meetings. The Pittsford Jaycees, Historical Society, Boy Scouts, Four H have used the library in the past year. If you would like to use the library for your meeting please call the Librarian.

The budget for the year 1973 again indicates that the library is not too well off, financially. We appreciate the Tax support furnished by the town. We hope that the voters can continue this support. It would be a shame to lose the intellectual advantages, as well as the pleasure of having a library in our town.

May we again remind you that the life membership fee is still only five dollars. If you are not already a member why not join and gain a voice in the way the library is run. See the Librarian or Paul Wheeler, the Treasurer.

For the Directors,

THOMAS CONWAY, President

**PITTSFORD AQUEDUCT COMPANY  
1972 ANNUAL REPORT**

---

The Company suffered another large operating loss this year, nearly \$9,000.00. This was almost as much as our entire sales for the year. This in addition to large losses for the last several years made a rate increase an absolute necessity.

The gain on sale of securities plus nearly all of the securities account itself were spent on the new pipe line for the Plains Road. The total cost of the line was \$58,332.00. The estimated bid price for the job, had it been let for bid, would have been nearly \$100,000.00. The company by supervising the work itself saved the users a good deal of money. The care and workmanship was far better than it would have been had it been on a bid contract. It should be noted that not one leak has been observed in this nearly 8,000 foot line, a credit to all who worked on it. There is now good pressure in this area and excellent fire protection from the new hydrants. All property in this area should realize a saving in fire insurance costs.

The trust fund that the company had held for many years, for just such a purpose as this, is now gone. The fund will never be renewed under todays laws. All future construction must be done with borrowed money and accompanying interest charges.

There will of course be no future income from interest, or dividends either. All costs must now be met from income from sales.

The company is still operating under only a temporary license from the Department of Health. It is possible that they will require the installation of a permanent chlorinator this year. If so, the cost may approach \$20,000.00, the funds for which must be borrowed.

Water quality has remained excellent this year, probably comparable to any in the state.

Early this year the company requested approval of a rate increase from the Public Service Board. The Company asked for only what it believed necessary to meet rapidly increasing costs. The Public Service Board did not agree with us on the amount of increase that was necessary and substituted a lower rate. We hope to be able to operate within their estimates. If we cannot, we will be forced to request an additional increase.

It appears that the company operations will be much more complicated and expensive in the future. The Pittsford Aqueduct Company will however make every effort to fulfill its responsibility to the community.

## PITTSFORD LIONS CLUB

---

The Lions Club again takes this opportunity to thank the People of Pittsford for their help in making the 1972 Annual Fourth of July Celebration a complete success, and for their generosity in our other fund drives. The Lions Club is a service organization and funds raised are returned to the communities served by the club. The Lions Club does a great deal of work in these communities for the good of everyone.

In 1972 the disbursements in the area were made as follows:

Twelve People received eye examinations and some eyeglass lenses which totaled \$126.00.

\$10.00 to Dollars for Scholars at O.V.U.H.S.

\$17.65 to Caverley Child Health Center.

\$220.00 to send local youths to Conservation Camp.

\$59.86 for annual Halloween Party.

\$30.00 Cub Scout Pack.

\$434.64 to pay for construction of new Diving Dock at the Recreation Area. (This money is from profits of the 4th of July).

The Lions Club also cleaned up the cemetery adjacent to the Congregational Church in Pittsford as a civic project.

The Lions 3rd annual Halloween Party was enjoyed by many of the children in town. There seems to be more and more children at this fun evening each year.

Again the Lions thank you for your support and we hope to do much more in the future for our community.

RONALD SPAKOSKI,  
Secretary

## **MEMORIAL DAY**

---

For many years a Committee appointed with the approval of the Selectmen has conducted Memorial Day Exercises in the Town to honor those who have participated in defending the United States by service in our Armed Forces.

In recent years the exercises have consisted of exercises in Evergreen and Saint Alphonsus Cemeteries, a parade and flag raising exercises at the Town Hall.

If any of the Citizens of the Town have suggestions to offer to improve the exercises to more fully emphasize the significance of the day, please leave your suggestions with the Town Clerk, prior to May 1st.

The Veterans of World War II have furnished the Color Guard and the bulk of the firing squads for a number of years. The shooting in World War II stopped over twenty-five years ago. The participation of younger veterans in these activities would be welcome. In addition the participation of ALL veterans in the ceremonies is welcome. If you would like to be included please leave your name with the Town Clerk prior to May 1st.

## PLANNING COMMISSION

---

The Town Planning Commission consisting of eight members, held its first meeting on March 23, 1972. On October 30, 1972 the Village Trustees appointed the existing commission members as members of the Village Planning Commission creating a Joint Planning Commission for the Town and Incorporated Village of Pittsford.

In the spring of 1972, a questioner was mailed to all of the people in Pittsford whose names appeared on the check list. Approximately 25% of the people responded with their answers.

The Comprehensive Plan was drafted by using the results of the questioner, the criteria of the Vermont Planning and Development Act, and the Plan for Pittsford, Vermont, prepared for the Rutland Regional Planning Commission by Planners Collaborative of Syracuse, New York, and Norwich, Vermont.

The first public hearing on the Comprehensive Plan was held on November 20, 1972. The Plan was revised and the final hearing was held by the Selectmen on December 27, 1972.

Also on December 27, 1972, the Planning Commission held its first public hearing on the amendments to the 1966 Pittsford Town Zoning Ordinance. The amendments were revised and the final hearing was held by the Selectmen on January 29, 1973.

The people of Pittsford will have the opportunity to vote on March 6, 1973, to decide if they want to continue to have zoning on the local level, or if they want to have zoning on the state level.

## REPORT ON REGIONAL PLANNING

---

It is with pleasure that we submit the following brief Report of the Rutland Regional Planning Commission. Almost six years have passed since the Commission was formed in March of 1967 and the year 1972 saw participation by some twenty communities in the Rutland Region. Pittsford was represented by Frank Anderson as Regular Commissioner and William James as Alternate.

As a body, the RRPC has addressed many issues of importance to its member communities and provided assistance in the formulation and adoption of municipal plans and by-laws. To date, ten members have adopted plans while eight more are in process or near adoption. Fifteen are operating under locally prepared zoning regulations, having been assisted in their writing and the holding of hearings by the RRPC. Several now have the authority of subdivision regulations to assure construction standards for streets that will protect the community.

The RRPC has continued to encourage training, communications and awareness in the planning field by sponsoring town government training courses, administration and enforcement courses, talking to students, meeting frequently with members, showing slides and movies, writing press releases and articles. Our library of information continues to increase as a handy resource.

The RRPC adopted its Regional Comprehensive Plan which, although having no authority, serves as an important source of information and guide for growth or non-growth. Other typical concerns have been in the area of housing, water and sewer, taxation, problems of the aging, inter-town cooperation, grant sponsorship, environmental laws, economics, solid waste, etc.

Wrapping up the year, the RRPC secured a large grant to plan for services to the elderly and received complete aerial photography of the Region. Copies of the photography have been given to all member communities.

May we take this opportunity to thank the members and others for their support, both financially and of their time. This year, especially, brought a realization that local and regional planning is not easy but is necessary if Rutland Region communities are to retain local decision power. With your continued help, the goals of the RRPC as established by its participants can be met. We invite you to visit your office at 12 Wales Street.

Respectfully yours,

PERCY B. PHILLIPS, Chairman

RUSSELL L. MORGAN, Executive Director

## PITTSFORD RECREATION AREA REPORT 1972

---

We had another great summer at the Pittsford Recreation Area, even though the weather was not very accomodating this year.

A new wharf was built at the north end of the pool for diving and a 14 ft. fiberglas diving board donated by Peter Kapitan was installed. The material to construct the wharf was donated by the Pittsford Lions Club from the proceeds of the 1972 Fourth of July Day. We plan to dredge the section of the pool by the wharf to make diving conditions better this coming year.

A swing and slide set was erected on the beach and was used extensively by young and old.

The mowing was under the supervision of Emil Hammond, Harold Haviland again did the plumbing and donated his barn for winter storage of movable equipment.

We were again fortunate to have Emil Hammond supervise the area, he did a great job.

We now have State trooper Fred Busch living on the premises and this was approved by the selectman as a means of reducing vandalism. The Fourth of July Celebration was again a huge success, thanks to all the organizations who assisted the Pittsford Lions Club who sponsor this yearly event. It was the largest parade so far and we hope to keep adding to it each year. Many thanks to Dr. and Mrs. Lathrop for their Morgan Horse exhibition, which has become one of the main attractions of the day. The fireworks display was again handled by Tom Cox, assisted by the Fire Department and was attended by one of the largest crowds from the surrounding area.

We were fortunate to have two life guards on duty for better protection for those using the swimming facilities. They were Misses Pattie Candon, Debbie Worosila, Debbie Reynolds and Diane Holden. We again had a successful swimming program directed by Ms. Gail Rowe.

For a three week period in July, swimming lessons were held, afternoons for Beginners thru Senior Lifesavers. About 44 Beginners from ages 3-9 were registered and the following fifteen completed the course: Mark Beriau, Scott Beriau, Joe Covell, Frank Hudson, Kathy Foley, Michael Hamilton, Kathy Hill, Howard Garrow, Teri Sposta, Dotty Chastaine, Christina Haley, Jim Hier, Mark Wilbur, Karen Moulton and Laurie Moulton.

Of the 26 Advanced Beginners only 9 passed. This course is a large step from Beginners and the children had a hard time building up their coordination and endurance required to pass the course. Those passing were Nora Provin, April Kovalick, Jim Moulton, Albert Racine, Tracy Holden, Debbie Chartrand, Michael Wilbur, Marilyn Lowell, and Steve Doaner.

Thirteen of the 30 Intermediates completed Red Cross Requirements. This course builds the skills of the swimmer as well as introducing new strokes. This year they worked on high diving, and safety skills. Robert Foley, Kelley Lyons, Stephanie Garrow, Roxanne Racine, Sharon Gagnon, Sara Provin, Martha Provin, Patricia Moran, Maria Hetzel, Amanda Kovalick, Edwin Gallagher, Theresa Racine and Mary Lowell completed this course.

The Swimmers Course is designed to prepare the student for Lifesaving and endurance in the water. The following completed Swimmers: Glenn Van Noordt, Ross Van Noordt, Debbie Rost, Kelly Holden, Margaret Candon and Rosie Hetzel.

Jr. and Sr. Lifesaving was an hour course conducted rain or shine. The students were required to pass a written test, a swimming and safety skills test, a half hour swim, a first aid test and practical lifeguarding. The students also attended a full day first aid clinic at the State Police Academy as part of the course. The following passed Jr. Lifesaving: Kim Lyons, Colleen Foley, Brett Van Noordt, and Lisa Terwilliger. The following are now Senior Lifesavers: Matt Candon and Kathy Lyons. The attendance of all students was regular. Thanks goes to those parents who brought their children every day. Hopefully, this year adult lessons will finally be given.

## BABE RUTH

---

The Babe Ruth team completed their season this year with a record of four wins and eleven losses.

A total of eighteen boys, ages thirteen to sixteen participated in the team efforts this year.

Nineteen new uniforms were purchased for the team by local businesses and they added a great deal to the team.

On August 20th, the team, and twelve chaperones, attended a baseball game in Montreal. This trip was financed by the passing of a hat at each home game. We plan to do the same this year.

## PITTSFORD LITTLE LEAGUE

---

With a team of twenty boys, ages ten to twelve years old, Pittsford dropped to one team in the Rutland County Youth League.

This league is represented by four towns and give a lot of boys a chance to play baseball.

Pittsford ended up with an eight and four record for the season.

Pittsford was host this year for the Rutland County Youth League tournament. Four games were played and Pittsford ended up winning this tournament.

I think all the boys in the Baseball Program were thankful for the FIVE HUNDRED DOLLARS voted by the towns and we hope they will do the same this year.

PETE FOX

## PITTSFORD MIGHTY MITES

---

Our Mighty Mites started off the season with a turn out of thirty children. With this number of children, we found it necessary to split them up and make two teams. This made two nights a week with seven teams in the league.

For the first time all the coaches got together and made out a schedule for the league. This worked out very well and saved much time getting games.

The Mighty Mites played six games and won five for the season. If the turn out of children is as big this season, we should have to have two teams.

## PITTSFORD CHILDREN'S SWIMMING COMMITTEE

The Pittsford Children's Swimming Committee requests an appropriation of \$1,500 to carry on its program of Water Safety and Swimming Instructions for 1973. This is the same amount that was voted last year.

Our financial statement shows that we spent \$1,330.78 for Life Guards and for the Swimming Instructor in 1972. We expect our expenses to be about the same this year. The balance in our account is needed for repairs to some of the equipment.

We appreciate the cooperation of the voters of Pittsford that has made this program a very successful one. We ask for your continuing support.

Sincerely yours,  
Pittsford Children's Swimming Committee

## ZONING

---

Enforcement: There have been several violations of the zoning ordinance during the past year. As required by statute, the Administrative Officer has brought these violations to the attention of the State's Attorney and the Town Attorney for appropriate action. Because of the backlog of cases which has built up in the Rutland District Court over the past few years action has not been as prompt as we had hoped for. We are pressing these matters and hope to see satisfactory results in the near future.

Proposed amendments: Amendments to the zoning ordinance are being presented to the voters for approval at Town Meeting. Most of the proposals are revisions and changes in wording to bring our ordinance into conformity with the Municipal and Regional Planning and Development Act which replaces the legislation upon which our 1966 ordinance was based. These changes are necessary for our ordinance to continue to be effective. The addition of flood plain zoning is strongly recommended by the environmental agencies of the state.

It is unfortunate that more people were unable to attend the several public hearings which have been held to discuss the necessity for these changes.

Growth and increasing density of population automatically causes restriction of individual freedom. Pittsford is not immune to growth. Local zoning, with its local board of adjustment, is an attempt to keep growth within the capability of the community to absorb it.

As some of Vermont towns along the Massachusetts border have discovered, rapid and unlimited growth can place upon the community unmanageable problems in the fields of school capacity, water supply, sewage disposal, solid waste disposal and highway construction, maintenance and repair.

Every voter should consider these matters in deciding how to cast his ballot on this question.

JAMES K. MITCHELL  
Chairman  
Zoning Board of Adjustment

Do you meet these requirements?

- Were you age 65 or older on December 31, 1972?
- Were you a legal resident of Vermont for the entire year 1972?
- Was your household income from all sources, both taxable and non-taxable, less than \$4,286?

Then you are eligible for a cash refund on your rent or property taxes?

The deadline for filing is April 16, 1973. Get your one-page claim form from your town clerk, your local senior center, or by writing the Vermont Department of Taxes, Montpelier, 05602.

If you need assistance in filling out the form, write or call your local senior center or the Vermont Office on Aging, 126 Main Street, Montpelier, Vermont, 05602, 828-3471. If you have a low income, regardless of age, also ask about sales tax refunds and food stamps.

The Vermont State Tax Department may be holding money that belongs to you. File your claim now!

**PITTSFORD TOWN SCHOOL DISTRICT  
PITTSFORD, VERMONT**

---

We hereby submit the report of the School Directors and Superintendent of Schools for the 1972-1973 academic year.

**Curriculum**

A group of our upper grade teachers spent last summer planning a team approach to teaching. Each teacher was able to put her particular talents to best use. In the planning every effort was made to consider the individual needs of each student. Several resource areas were created within each classroom. A particular room might contain the resource centers for science and math. Several different types of activity might be going on in a single room at the same time. Movable dividers were used to facilitate the creation of particular instructional areas within a given room. Some aspects of behavioral modification, a system of rewards or recognition to enhance learning, were used. Students appeared quite receptive to some of these changes.

We still feel the need for a public kindergarten. However, since the proposal was defeated at the last annual meeting and at a special meeting called by petition of the voters, no proposal is being presented at this time. Adequate housing for the program appeared to be the greatest concern and we would be in no better position this year than last. Concerns were also expressed about transportation and cost.

This is the second year of a Federally funded pre-school program. Five homeschooled aides visit families with pre-school children, working particularly with children who are not likely to have the advantage of a private kindergarten. The aides work with the parents as well as with pre-school children. Early referrals are made to appropriate agencies when handicaps are identified, particularly physical and health problems. Language and reading readiness activities for the pre-school children are major thrusts of the program. This program operates with the idea that the school's first contact with parents and children should be early. It recognizes the fact that the home is a child's first and most appropriate source of learning. The school's role is to support the home as an early childhood educator.

**Staffing**

We were sorry to lose the services of Mrs. Mary Ransom, a sixth grade teacher, and Mrs. Laurie Spivak, an Art teacher.

Mrs. Ransom had worked for the Pittsford School system for some time. We welcomed Miss Penny Young as our Art teacher. Mrs. Joanne Godfrey and Mr. Alf Rylander, each working half-time, replaced Mrs. Ransom. Mr. Rylander also devotes half-time to administration as Principal of the school.

Last year we indicated our desire to move in the direction of employing a full-time Supervising Principal for the Lothrop School. (Barstow, comparable in size, already has such a principal.) This year we went half way. The budget proposed for next year anticipates completing this change in staffing pattern.

We have enjoyed six years with our Elementary Guidance program being funded by the Elementary and Secondary Education Act. This money is made available to develop new programs for educationally handicapped children. It is now time for us to make a firm commitment to this valuable program through absorbing the cost in our regular budget.

### School Facilities

The adequacy of our present school facilities is an increasing problem. This is particularly true at Otter Valley, but Lothrop School is not unaffected. We are saturated in terms of general classroom space. Specialized programs must operate in sub-standard areas. We will continue to grow and probably more rapidly. There appears to be room for one more addition on the present site which would connect the new addition to the Town Hall.

Otter Valley is now so crowded that the educational program being offered to Pittsford children is gradually deteriorating. One possible solution for Otter Valley would be to send some of the students back to Pittsford. This would further aggravate our own problem of providing adequate space for the educational programs we desire for our elementary children. We feel that it is still necessary for cooperative planning with the other school districts in our Supervisory Union and that it is urgent that we get started.

The present plant is getting older but is holding up well. We have an active program of school maintenance. Preventive programs are often the least expensive approach in the long run.

### School Finances

The Pittsford Town School District has benefited immensely from the present State Aid to Education formula. While it has come under fire, no readily acceptable replacement seems to be available. We have prepared a budget following two assumptions:

- 1) The State Aid formula will not change except for the possibility of removing the floor.
- 2) The final appropriation made by the legislature will continue at least the present level of support as a percentage of operating expenses.

The budget presented represents a 2.98% increase over last year. We experienced a 2.8% growth in students from last year to this year. With our current estimate of State Aid we are asking for \$110,235.99 from taxes, a DECREASE of 5.8%.

We do not have a salary agreement with our professional staff at the present time. We have included an amount of money which we feel will be sufficient to meet the requirements of any final agreement which we may reach.

It is a pleasure for us to recommend the proposed budget for your adoption. You have been very understanding in those years when we have had to ask you for constantly increasing amounts of tax money.

### General

Each year we cordially invite you to attend our regular monthly meetings. The offer is sincere, and we again encourage you to accept. The meetings are generally the second Tuesday of each month at 7:30 P.M. in the Lothrop building.

Last Spring the P.T.O. seemed to be questioning its future. It survived and we would like to extend to its officers and members our appreciation for the many contributions they make as a group and as individuals. Our school is a better place and has a richer educational program because of the existence of the Parent Teachers Organization.

There are many others who have helped in some way to make our task easier and the future of our young people brighter. The Lions and the Jaycees have always had and continue to maintain a strong interest in our schools. A wonderful Environmental Education experience took place at Camp Betsy Cox last Fall. Parents freely offer their services as chaperones and aides. To all we offer our heartfelt thanks.

**PROPOSED BUDGET 1973-1974**

---

**INCOME BUDGET**

	<b>Actual Budget 1972-73</b>	<b>Proposed Budget 1973-74</b>
Taxes:	\$117,057.51	\$110,235.99
This includes the local tax requirements for the Lothrop School and Pittsford's share of Barstow. It does not include tax requirements for Pittsford's share of Otter Valley.		
State Aid:	113,960.00	124,554.00
This represents an allotment of the total estimated state aid reserved for elementary education. An additional estimated allotment of \$124,387.00 is reserved for a share of Pittsford's Otter Valley Assessment.		
Interest on Investments:	800.00	1,000.00
Any funds not immediately needed are invested in Savings Accounts, Certificates of Deposit and Treasury Bills to the best advantage of the school district.		
Pinney Fund:	500.00	600.00
Income from the Emma Burditt Pinney Trust Fund is used for support of the school.		
State Aid on Debt Service:	1,306.00	1,272.00
The State pays 20% of the school district's payments on principal and interest.		
Hot Lunch Refund:	8,274.15	8,697.60
Salaries of Hot Lunch employees are paid by the school district and refunded by the Hot Lunch Fund including the employer's share of Social Security.		
Unexpended Balance:	13,800.00	17,000.00
Any balance of deficit occurs as a result of several thousand transactions in a given year. Of particular note, state		

aid exceeded estimates by \$14,443.00 and costs of special education programs run by the state for a few Pittsford students was \$4,143.00 less than anticipated. Lesser amounts involved in other transactions are estimated to leave a balance unencumbered of \$17,000.00.

Miscellaneous Income:	600.00	600.00
-----------------------	--------	--------

Each year through a variety of sources the district receives some small amount of income.

<b>TOTAL INCOME</b>	<b>\$256,297.66</b>	<b>\$263,959.59</b>

August 17, 1972

To the Board of Directors of  
Pittsford Town School District,  
Pittsford, Vermont.

Gentlemen:

We have examined the Receipts and Expenditures of the General and Hot Lunch Funds of Pittsford Town School District for the year ended June 30, 1972. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary under the circumstances.

The scope of our examination did not include the audit of the Balance Sheets as of June 30, 1972 and, therefore, the Balance Sheets and Analysis of Changes in Fund Balance Statements for the aforementioned funds are not included in our report.

In our opinion the accompanying statements fairly present the Receipts and Expenditures of the aforementioned funds for the year ended June 30, 1972.
